All screens will display for only the selected student in the left side navigational bar.

You will need to click on a different name to see information for a different student.

Cumulative Grade Information – Displays GPA, ranks, etc.

Demographics – Basic student information such as: address, phone, parents, etc

Graduation Plan Progress – Not used by all schools, but will display their diploma and their credits heading toward that diploma

Meeting Attendance – Detailed attendance view

Net Access Summary – Lists parent logins into the parent portal –dates, length, etc

Print a Report – Customized reports available to print

Quick Lookup – Summary of recent attendance and grades. This is the view the parent will see when logging into the parent portal

Recommendations – Not currently used, but would display any recommendations that have been made and allow you to create one

Schedule – Displays the current schedule

Student Photo – Picture of the student (if available)

Submit Log Entry – Allows you the ability to log documentation that is then viewable to the Admin users. After entering data, be sure to click on submit for it to be saved

Teacher Comments – Also viewable from the parent portal – shows specific general comments that any teacher on the student's schedule have entered

Term Grades – Displays grades that have been 'stored' for this student
