## BUDGET OVERVIEW

The recommended budget for the Tippecanoe School Corporation for 2022 reflects the needs and priorities of the school district. The procedures to build a budget begins with the receiving of input from the various constituents of the district - teachers, administrators, and community patrons. If these needs are congruent with the established goals and priorities of the Board of Trustees, we then explore our ability to receive revenue to fund the budget. The product of those efforts is what is contained in the following pages.

The process for approval of the budget requires the publication of the proposed budget, the holding of a public hearing on the budget, and finally the adoption of the approved budget prior to the $1^{\text {st }}$ of November. All anticipated receipts and expenditures of Tippecanoe School Corporation for calendar year 2022 must be planned and approved by the Board of School Trustees and the Department of Local Government Finance. The majority of the expenditures of the Corporation are categorized and paid from the following major funds:

The Education Fund serves to account for all regular instructional receipts and expenditures in nature. Salaries and Fringe Benefits (including costs covering summer school and the special education cooperative) comprise of approximately $76 \%$ of the Education Fund expenditures, while Supplies, Equipment, and Tuition payments (GLASS, Career Tech, other Interlocal) account for $11 \%$ of this budget. The remainder of the Education Fund addresses needs for purchased services that cannot be obtained through the Operations Fund. A monthly transfer not to exceed $13.55 \%$ of total Education Fund Revenue is transferred to the Operations Fund to support these expenditures. This transfer makes up the remaining $13 \%$ of the total Education Fund budget The Education Fund is not supported by a local property tax levy and its greatest source of revenue is state support as determined by the State Funding Formula.

The Debt Service Fund provides for repayment of corporation debts. Semi-annual lease rental payments are due in 2022 for school buildings East Tipp Middle, Burnett Creek Elementary, Battle Ground Intermediate, Harrison High, Southwestern Middle, and Wyandotte Elementary. These payments will total $\$ 12.88$ million. Repayment for Common School Fund Loans will total $\$ 257$ thousand for 2022. For interest to be paid on tax anticipation warrants, $\$ 250,000$ has been budgeted for next year. As in 2021, un-reimbursed textbook rental expenses can be recovered via the Debt Service Fund. TSC will seek $\$ 250,000$ in 2022 for the 2020-2021 school year. Payments for Tippecanoe School Corporation outstanding General Obligation bonds are $\$ 4.16$ million. In addition, for debt that may be anticipated in 2022 there is an additional $\$ 10$ million. Finally, as a protection against potential revenue shortfalls, TSC is seeking to have $\$ 5.11$ million on hand to cover the cost of debt payments during the first six months of 2023.

The Operations Fund has been established to provide for capital expenditures such as the purchase and repair of equipment, purchase and repair of computer hardware and software, and the remodeling and replacement of various buildings. In addition, the Operations Fund provides for the expenses related to the non-instructional operations of the district, such as
personnel and business office, superintendent, custodial and transportation needs. Operations expenses that were once part of the General fund account for $45 \%$ of the total budget. What used to be Capital Projects account for $31 \%$ (including utility expenses), Transportation accounts for $20 \%$ and Bus Replacement accounts for $4 \%$. Receipts for this fund come primarily from tax revenues as well as monthly transfers from the Education fund. The Operations Fund is subject to a maximum property tax levy. The Department of Local Government Finance uses a statewide calculation to determine the percentage increase to the Operations property tax levy annually. For budget year 2022, the percentage increase was calculated to be $4.3 \%$.

The Rainy Day Fund is fund set up to cover expenses in times when ongoing revenue is unavailable. These expenses typically cover emergency repairs, one-time purchases, and onetime stipend pay. Tax revenue is not generated for this fund. The only revenue that is receipted into the Rainy Day Fund is through transfers of unobligated dollars from other funds that the Board of School Trustees approves. TSC has not utilized the Rainy Day Fund since 2010.

## Actual vs. Budget vs. Proposed

## 2022 PROPOSED BUDGET BY OBJECT

Listed below is a comprehensive description of the 2022 Education Fund and Operation Fund Budget by program and by objects. It should furnish a good overview as to our expected expenditures for the year.

The sources of funds to support the 2022 budget are shown on the next page along with actual 2019 and 2020 receipts as well as 2021 anticipated revenues. It should be noted that the 2021 and 2022 amounts are only estimates at this time due to variables. Unknown data such as our 2021-2022 pupil counts, the amount of excise and financial institutions taxes collected, and changes in assessed valuation are all factors used in the calculation of revenue.

It is important that school districts be cautious in advertising its tax-supported budgets. The advertised property tax levy divided by one-hundredth of th assessed valuation provides the advertised property tax rate. The advertised tax levy and rate of each fund may remain the same or be reduced during the budget process. It is particularly important in planning a budget that levies and rates be advertised sufficiently high in order to protect the district when estimated data is used. The Department of Local Government Finance will reduce the advertised levies and rates as necessary. The final page of this booklet provides a comparison of both the advertised and approved rates and levies over the past few years. In addition, the 2021 advertised rates and levies along with projected actual amounts are provided.

## SECTION II

JUSTIFICATION FOR ADDITIONAL BUS PURCHASES, TRANSPORTATION SERVICES, AND/OR EARLY BUS REPLACEMENT

1. Pursuant to IC 20-40-18-9(3)(A), if the School Corporation is seeking to acquire or contract for transportation services that will provide for additional school buses or buses with a larger seating capacity as compared to the number and type of school buses from the prior school year, explain for each additional bus and the circumstances of the demand for increased transportation services within the School Corporation.

|  | Bus Description | Model Year | Type of Bus/Vehicle per <br> DOE "TN" | Owned or Leased |  |
| :--- | :---: | :--- | :--- | :--- | :--- |
| 1 |  |  |  |  |  |
| 2 |  |  |  |  |  |
| 3 |  |  |  |  |  |
| 4 |  |  |  |  |  |
| 5 |  |  |  |  |  |
| 6 |  |  |  |  |  |

We are in need of replacing some of our wheel-chair lift type C buses with smaller type A buses to accommodate smaller passenger loads due to the square miles that our county covers. Our special education cooperative decentralized its transportation this past spring thus making the need for these type of buses necessary to transport students with related services.
2. Pursuant to IC 20-40-18-9(4), if the School Corporation is seeking to replace an existing school bus earlier than twelve (12) years after the existing school bus was originally acquired or requires a contractor to replace a school bus, explain for each bus the circumstances for that need.

## RESOLUTION TO ADOPT THE YEAR 2022-2033 BUS REPLACEMENT PLAN

The Board of Trustees of Tippecanoe School Corporation of Tippecanoe County, Indiana, hereby adopts the following Resolution:

WHEREAS, a School Bus Replacement Plan has been established; and
WHEREAS, the Board of Trustees is required under IC 20-46-5 to adopt a plan with respect to a School Bus Replacement Plan, and
WHEREAS, the Board of Trustees held a public hearing on the plan on the $8^{\text {th }}$ day of September, 2021, at 7:30 pm at 21 Elston Road, Lafayette, IN.

THEREFORE, BE IT RESOLVED, by the Board of Trustees that the plan entitled "School Bus Replacement Plan" for the years 20222033, is hereby incorporated by reference into this resolution, and is adopted as the Board of Trustees' Plan with respect to the School Bus Replacement Plan.

BE IT FURTHER RESOLVED, that the Board of Trustees shall submit a certified copy of this resolution (including the adopted plan) to the Department of Local Government Finance as required by IC 20-40-7 for approval.

Adopted this $8^{\text {th }}$ day of September, 2021.

# GLOSSARY OF BUDGET AND FINANCE TERMS 

## GLOSSARY OF BUDGET AND FINANCE TERMS

## Appropriation

An appropriation is the authority or right to expend funds. A budget with $\$ 20$ million of appropriations reflects the authority to spend that amount due to revenues expected to support those expenditures.

## Appropriation Balance

An account's appropriation balance is its beginning appropriation less any outstanding encumbrances and less any past expenditures. It is the amount that is then available for anyfuture expenditures.

## Assessed Value (AV)

Assessed Valuation ( AV ) is the total value assigned to all real property and improvements plus personal property subject to taxation. Locally elected assessors determine property values with appraisal guides prescribed by the Department of Local Government Finance (DLGF).

## Assessed Value - Abstract

The abstract assessed value is the final AV used by the county to issue property tax statements. Local auditors continue to revise the assessed values between the date the AV is certified and the time that tax statements are calculated. The abstract assessed value may be higher or lower than the certified assessed value - and thus property tax revenue received may be higher or lower thanwhat was estimated.

## Assessed Value - Certified

The certified assessed value is an estimate of the AV for the ensuing year for a given governmental unit. The certified AV should be known by August 1 in order to calculate anestimate of the upcoming year's property tax revenue for budgets. The DLGF determines property tax rates for local governmental units based upon the certified AV.

## Average Daily Membership

The Average Daily Membership or ADM is the membership count taken on a specified date in the fall and a second date in the early spring. The school funding formula foundation amount is multiplied by these counts to calculate the annual foundation formula and complexity formula amounts each school district is to receive annually from the IDOE.

## Budget

A budget is a plan of expenditures and supporting revenues for a given period of time (calendar, fiscal, or on-going) that reflects the goals of a school district's educational program.

## Cash Balance

The cash balance of a fund is the amount of money on hand at any given point in time. It is derived from taking the operating balance plus revenues received-to-date minus expenditures made-to-date.

## Circuit Breaker

The circuit breaker is the amount of tax revenue lost to assessed valuation above the $1 \% / 2 \% / 3 \%$ thresholds.

## Department of Local Government Finance

The Department of Local Government Finance is the state agency responsible for ensuring property tax assessment and local government budgeting are carried out in accordance with Indiana law. The Department is charged with publishing property tax assessment rules and annually reviewing and approving the tax rates and levies of every political subdivision in the state, including all counties, cities, towns, townships, school corporations, libraries, and otherentities with tax levy authority.

## Encumbrance

An encumbrance is an obligation or commitment to make payment or expend money based upon a recorded purchase order. An encumbrance is an obligation against an account's appropriation, and is necessary in order for sound budget management. The encumbered amount ceases to exist when it is liquidated (expenditure is made or purchase order voided).

## Expenditure

An expenditure is the cost of goods delivered or services rendered, including the retirement of debt. An expenditure decreases the remaining account appropriation that is available within a budget.

A fund is a complete accounting entity reflecting all financial transactions, both receipts and disbursements, of money for a specific purpose.

## Indiana Association of School Business Officials

The Indiana Association of School Business Officials is an organization that the majority of school districts in Indiana are members of. IASBO provides lobbying, workshops, regional meetings, and an annual conference for employees working in school finance, personnel, transportation, and building and grounds.

## Indiana Department of Education - Office of School Finance

The Indiana Department of Education is the state agency responsible for carrying out the fiscal responsibilities of calculating the school funding formula. Counts are submitted to the IDOE on specific count dates for Average Daily Membership, Pupil Enrollment, Special Education, Free/Reduced, Honors Diploma, as well as numerous other reporting.

## Indiana Public Retirement System

The Indiana Public Retirement System is the state agency responsible for oversight and fiducial responsibility of both the Indiana Teacher's Retirement Fund as well as the Indiana Public Employee's Retirement Fund.

## Operating Balance

An operating balance is the un-appropriated amount of money in a fund at the end of the budget year that can be used to support future appropriations in the fund's upcoming budget year. In the Capital Projects Fund and the Bus Replacement Fund, it is also called an Allocation for Future Projects.

## Property Tax Levy

The property tax levy is the product of a specific tax rate and the assessed value. The levy is the amount of property tax revenue for a given fund.

## Property Tax Rate

The property tax rate is a statement in dollars and cents, expressed per each $\$ 100$ of assessed value that will yield a specific amount of money in property taxes. The yield is also referred toas the levy.

## Revenue

Revenue includes the sources of monies used to support the approved appropriations of a fund's budget. Revenues to a received are tracked through receipt accounts in order to: (a) keep a historical accounting of where revenues have come from; and (b) determine if estimated revenues will indeed be enough to support the budget's expenditure appropriations.

## State Board of Accounts

The State Board of Accounts is the state agency that oversees the integrity and financial accountability of state and local governments and ensures that these institutions are operating efficiently in compliance with applicable statutes. Through the issuance of uniform compliance guidelines and on-site audits every 2 years, the SBOA seeks effective and efficient operation of schools via adequate budgeting, accurate accounting, informative reporting of all financial transactions, and the use of sound business practices.

## Unencumbered Cash Balance

The unencumbered cash balance of a fund is its cash balance less any outstanding encumbrances (open purchase orders).

NOTE

1. 1990 transportation amounts reflect various credits applied.
2. Districts began hiring teachers in high incident areas in Aug. 95 .
3. Districts assumed all aides in high incident areas in Jan. 96

METHOD OF CALCULATION:

1. GLASS budgets are established in the areas of general, transportation, and captial costs.
2. State Sddtl. Pupil Count (APC) general fund $\$$ are calculated for each district based on $12 / 1$ count.
3. Remaining dollars needed to fund total GLASS general fund are split among districts 45-45-10.
4. Transportation and capital costs are split among districts 45-45-10
