TSC established times for Kindergarten Roundup

LAFAYETTE, Ind. – The Tippecanoe School Corporation will host Kindergarten Roundup for the 2019-2020 school year Wednesday, April 10 at all 11 of its elementary schools.

Parents/guardians enrolling an incoming kindergarten student must contact the school before roundup to acquire a username and password for online registration. Families will also need an emergency contact list for online registration.

Families need to provide the child's immunization record, proof of residency and legal birth certificate (not the certificate presented by the hospital) or passport during Kindergarten Roundup. Please contact the school if you have any questions or concerns.

Children must be five years of age on or before August 1, 2019 to be eligible for enrollment in kindergarten. If a parent feels the child is not emotionally mature enough for exposure to the school environment, the family may wait a year before enrolling. If the parent feels the child is ready for a kindergarten experience, but does not meet the birth date eligibility requirement, the parent may apply to the TSC Superintendent. The superintendent will determine admission based on date of birth and space availability. If the office receives more applications than spaces, children whose birth dates are closest to August 1 will be admitted. If no space is available, or it is not in the best interest of the school or children, no early admission will be accepted.
