

# Preschool Provider Night

Tippecanoe School Corporation is Making it Happen!

**WE ARE** Tippecanoe School Corporation encompasses 437 square miles of Tippecanoe County. TSC has 2 high schools, 6 middle schools, and 11 elementary schools that serve 12,994 students and their families in the Tippecanoe County area. 35% of our students qualify for free & reduced lunches.

## OUR STUDENTS & FAMILIES

Tippecanoe County, home to Purdue University and a growing industry base, embraces a **richly diverse** student dynamic.

**OUR TEACHERS** TSC employs 810 classroom teachers, 2483 employees in total.

**OUR PROMISING PRACTICE** Every fall, TSC Title I presents a Preschool Provider Night workshop for childcare providers in our community. 8-10 stations are set up in a round-robin format. TSC Kindergarten teachers lead the stations which are focused on specific skills to align preschool goals with that of the Kindergarten and 1<sup>st</sup> grades. Participants leave with approximately \$50 worth of materials, books, and activities ready to use with children in their care. Information on programs such as United Way sponsored bornlearning and Kindergarten Countdown Camp are made available. A free subscription to Growing Child is made available for childcare providers to give to parents of children in their care.

**OUR STEPS** Planning starts in early May for the coming fall. Lead teachers from our Title I schools collaborate on target skills, workshop content, presenters, lesson plans, activities, and budgeting. Area childcare providers are sent on-line registration forms and information about the event. After the event participants receive access to handouts and materials on-line and are sent additional communication just prior to the TSC Kindergarten Roundup.

**OUR SOURCES** Please explore the links below to access Preschool Provider Night resources and examine ways that Tippecanoe County is collaborating to reach all children:
